Happy Anniversary!

We are very happy to know that **India Is Us** is celebrating 5th Anniversary of its foundation. Our non-profit Organization, Adhwana, has been enjoying the opportunity to associate with you since 4th May 2020. We are very glad to be in a collaborating partnership with you. We consider you as good people to work with as our Communication Partner. Your support and guidance so far have been very effective, especially in the design of our new brochure. Your efforts in mobilizing CSR funds for us have been gratefully acknowledged.

While we are looking forward to have sustainable relationship with India Is Us, we wish you, the leaders and the team members, a wonderful future ahead.
